SPECIAL PROJECTS: VOLUNTEERS NEEDED

We welcome both large and small groups for one-time or ongoing volunteer projects. Projects can usually be individualized to the volunteers' desired area of missions work or ministry. (Bible Study, Cooking, Cleaning, Scrapbooking, Teaching Life Skills and Yard Work, to name just a few). Families are welcome!

- **Baby Showers in a Box:** Small groups can collect and assemble a box of items needed for a baby shower at Hannah House. (Typical needs are: Plates, Napkins, Cups, Decorations, 1-2 Game Ideas with Small Prizes. If desired, a gift card for a cake and punch supplies or gifts for the baby can be included, as well.)
- **Spring (or Summer, Fall or Winter) Cleaning Sprees:** Groups are ideal for deeper cleaning projects. We're looking for groups who do windows... and anything else that needs cleaned.
- **Can We Fix It?:** Builder, contractors, handy-men and handy-women are needed to make both major and minor repairs throughout the year to our historic Hannah House, making it safe and beautiful for our resident mommies and babies.
- **Bring Your Skill to Life!**
 - **Gardeners:** Donate plants, design flower or vegetable beds, plant flowers, trim shrubs, weed and rake to your heart's content.
 - **Certified Electricians:** We need help adding outside lighting, and professionals we can call as electrical needs arise.
 - **Experienced Painters:** Several offices at the CPC need freshening up. Much of the supplies are ready and waiting for you.
- **Seasons Change:** Groups are needed to help us make the transition from cold weather to warmer weather... and back again. Volunteers are needed to sort and restock the clothing baskets with season-appropriate clothing. Some volunteers are needed to carry boxes between two floors.
- **Storage Shift:** Helpers with trucks and/or strong backs are needed to move off-season clothing and other materials to a storage unit.
- **Dads' Ministry:** Guys with experience being – or having! – Godly dads are needed to touch the hearts of our clients. So many of the daddies we serve have never known true love from a father. You can help break the cycle, whether you have a just few months or a few decades of experience to share! One-on-one mentors, on-call dads, and group or panel participants needed.
